Roberts Market Coming Down?

One of the most concerned situations to hit the people of Sierra Madre and its City Council is the tearing down of Roberts Market and Wistaria Bakery to build the first major shopping center within the City limits of Sierra Madre.

Wilson-Duckett, developers have been in escrow with the property for the past three months; in June they received the sanction of the Sierra Madre Planning Commission to proceed, wherein they granted them a Variance for parking and okayed a change in the zoning from R-3, R-P to Commercial, and leaving only the decision of approval and the vacation of an alley easement and the decision of the public parking lot to the City Council.

Mayor Hartman and Councilman Rudolph appealed the variance on the grounds of "not good planning" and this appeal was heard Tuesday night and the Variance was granted and the rezoning approved all with conditions placed on the developer that the precise plan must go before the Planning Commission who will have complete jurisdiction over its formation, which will come back before the City Council for final approval.

But before they make any commitment on the parking area it must first be determined that it is unnecessary and surplus, therefore after a firm commitment has been made by the development company a Public Hearing will be held to determine its fate, and this hearing was set for September 9.

The Council granted the vacation of the alley easement with little concern, provided for Wistaria Bakery within the complex, which was agreed by the

Fire Calls Aug. 6 To 12

The first alarm of the new week for your Volunteer Firefighters came Wednesday afternoon at the hour of 5:09 p.m. to the home of Mr. and Mrs. Robert C. Poolman at 310 San Gabriel Court.

Engine 424 arrived at the scene of the fire in 2 minutes and 11 seconds to find the home full of smoke due to the motor burning out on the forced air heater, summer fan.

The fire was out and the responding 18 Regular Firefighters and one Reserve used the smoke ejector and deodorizer to take the smoke from the home. Fire Chief Charles Brown estimated no damage only to the burned out motor and

Spiders Now Fiddle On In Alhambra

South American Violin Spiders, which are considered to be as dangerous as a small rattlesnake, bowed their last tune in Sierra Madre recently. But popped up again in Alhambra last Friday.

County Health Officer, Dr. Gerald A. Heidbreder, reported that 170 of these spiders were found in Sierra Madre after a diligent search was made by the Health Department.

Adequate chemical control measures were employed to help in eradicating the spiders. Meanwhile, the Health Department received thousands of spiders which were sent to the entomology section by residents throughout Southern California. None proved to be the South American variety.

While considerable study and observations of the spider have been made by the Health Department Entomology Section and other researchers, there is still some misunderstanding regarding the identity of the South American species, the Health Officer said.

Some observers have confused the South American violin spider with the Brown Recluse spider which lives in the Middle West. The reason for the confusion is that the Brown Recluse was first known as the violin fiddle - back spider.

The Brown Recluse is a close relative to the South American species, but the two are not the same. The Health Department is continuing its surveillance of the violin spider, and the public is still invited to send in spider specimens for identification by the department's entomologist.

Recent research has shown the violin spider is not normally found in gardens, but more naturally in attics, basements, or other secluded areas. The violin marking on the spider is on the back of the head at the front part of the spider's body. The abdomen has no markings and may be a light brown to a dirty white in color.

Residents who desire to send spiders to the Health Department are cautioned to kill these bugs first in rubbing alcohol and then to place the specimen in a small container. These specimens should be sent to the Health Department, 220 N. Broadway, Room 300, Los Angeles, Calif., 90012.

City Buys New Boom & Bucket Truck

At their regular meeting of August 12 the City Council authorized the lease with option to buy of a Boom and Bucket Truck for tree trimming.

The first year's lease payment for this equipment has been encumbered for the fiscal year 1968-69 and the total value of the equipment to be acquired is \$18,800, which includes the trade-in of the City's 1945 chip-dump truck.

Hours Added To Swimming Pool Official Policy

At the July 8 meeting of the City Council approval was given to the Parks and Recreation Commission's swimming pool policy as submitted but requested that a schedule of hours section be added for clarification purposes.

The following was submitted to the Council for its approval:

"Schedule of Hours": "The Parks and Recreation Department will publish a Recreation Program Guide at least three times per year. The Guide will indicate the current pool schedule and hours of operation. The hours of operation will vary depending upon the needs of the community and the season of the year."

This section will be added to the front page of the policy which was approved by the Council on July 8 and copies may be had by those interested in the Official Policy of the Sierra Madre Swimming Pool.

\$3,776.73 Is Our Share

City Receives Allocation For Police Training of Six

James C. Zurcher presented the City of Sierra Madre with a check in the amount of \$3,776.73 as its share of the 1969 allocation from the California Peace Officers' Training Fund.

Chief Zurcher stated that Sierra Madre qualified for the money by strictly adhering to the standards for selection and training of peace officers prescribed in the Administrative and Penal Codes of California. He reported that the prime objective of the Peace Officers' Standards and Training Program is to raise the level of competence of local police officers and deputy sheriffs through the establishment of minimum standards for their selection and training.

During Fiscal Year 1968-69 ending June 30, 1969, the City of Sierra Madre trained six officers. The officers received their training at University of Southern California, Pasadena Basic Training Academy and Pasadena

City College, which meet the high standards required of Commission certified peace officer training facilities.

Mayor Robert Hartman accepted the check on behalf of Sierra Madre. Earl R. Strathman, chairman of the

Joe Signorino Appointed To City Service

At the regular Council meeting of Tuesday, August 12, Joseph Signorino was recommended by its Parks and Recreation as a one-half time maintenance man for the new Community Center in Sierra Vista Park. His appointment was confirmed by the Council.

The new position was to become effective Wednesday, August 13, at one-half the rate of a full time maintenance man beginning at one-half the full time step, or \$256 per month, and \$3.20 per hour for any hours worked over the 20 hour per week standard for this position.

The appointment was confirmed at this time, however the full 20-hour work week will not become into full effect until the Community Recreation Center is actually completed, the early part of September.

Joe Signorino resides in Sierra Madre and has, for the past six years been a member of the Sierra Madre Volunteer Fire Department where he holds the rating of Engineer. He will continue his present position with a tubing company on Montecito.

Naomi Fay Best Appointed As New P & R Secretary

At the regular Council meeting of Tuesday, August 12, the City Administrator, Norman Boehm announced that recruitment and examination for a departmental secretary in the Parks and Recreation Department had been completed and recommended that Naomi Fay Best be given the appointment to the position.

Council in approving the appointment made it effective Monday, August 18 at the "A" step in salary range established for this position by the Council at \$488 per month.

Naomi Best scored first on the competitive examination, gave good appearance on her interviews and showed good qualifications both technically and personally.

Sierra Madrean Has Received Scholastic Grant

Ileana H. Anderson, of 450 E. Laurel Avenue, has received a scholarship grant to attend a special six week advanced driver education simulator workshop being conducted at California State College at Los Angeles.

Miss Anderson is one of 45 area driver education teachers who are receiving assistance through the grant presented to the college. The summer workshop brings the latest driver simulator teaching methods and advancement to high school instructors who qualify for the course.

The foundation has provided scholarship grants in the Los Angeles area and nationally since 1953 for advanced driver education courses. These grants have totaled over a million dollars to some 60 colleges and universities.

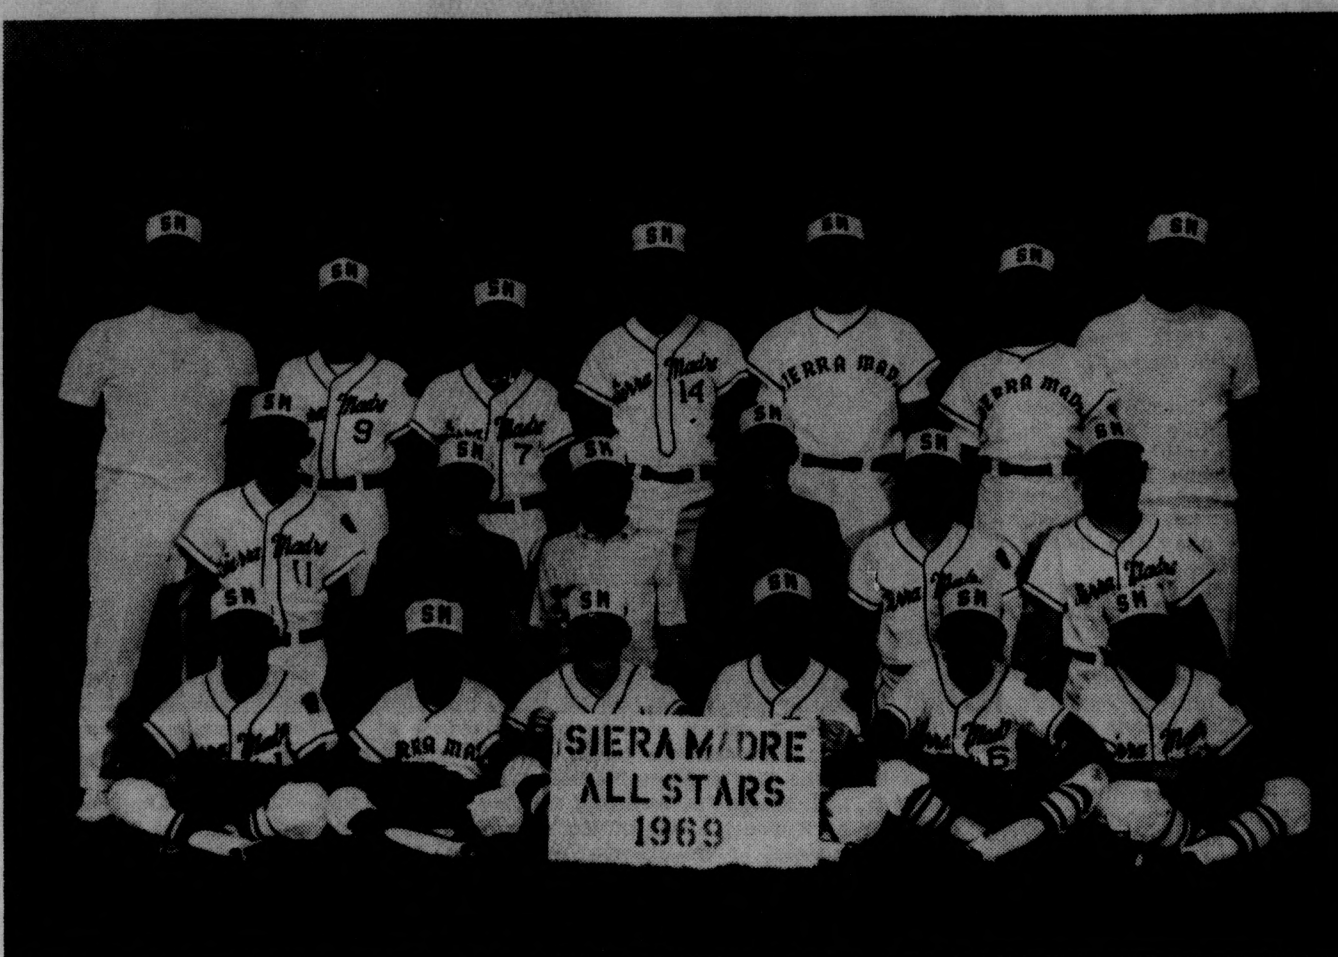

12 Residents For Sierra Madre

Among the new residents to Sierra Madre or those taking up new addresses:

James Watson, 45 Lowell Ave.; Pal C. Young, 275 Santa Anita Ct.; T. W. Wiele, 65 Oak Meadow Place; Stanley Reed, 76 N. Canon Ave.; Don B. Fraser, 626

Weed Abatement Charges Made To 65 Parcels

Weed abatement work for the 1969 season has been completed by the City weed abatement crews. Weed abatement programs begin in April and allow sufficient time for property owners to clear off their own properties of weeds and debris.

An inspection by the Fire Prevention Bureau shows said weeds and debris to constitute a fire and safety hazard and are not cleared off by the property owner privately, then work is done automatically by the City forces.

After the work is completed, the owner is sent a statement of costs which include depreciation of equipment, employees' benefits and administrative costs and overhead.

This year's costs ranged from \$25 to \$492. However, of the 65 parcels involved in this year's program all but 10 were under \$100. Originally over 360 parcels were notified by Fire Prevention of necessary work.

Arthur Schaefer At Conference

Arthur Schaefer, 655 Fairview, Sierra Madre, Calif., International president of Aleph Zadik Aleph, was a participant in a planning conference for a National Program for Voluntary Action, at the invitation of Secretary of the Department of Housing and Urban Development and Max M. Fisher, special consultant to President Nixon on voluntary action.

Art Schaefer, 18, is among the leaders of national youth groups who are contributing toward formation of a country-wide effort to enlist Americans of all ages and in all walks of life in expanding and improving volunteer services.

Aleph Zadik Aleph, a component of the 50,000-member B'nai B'rith Youth Organization engages in a wide variety of social action and community service programs, including assistance to underprivileged children, visits to residents of old age homes, fund-raising for charitable causes, campaigns to "get out the vote" and many others.

Sierra Madre Receives Recognition

The City of Sierra Madre Water Department has received an award of merit presented to them by the American Water Works Association, which stated in part "In Recognition of an Excellent Safety Record in the Water Works Industry During 1968."

The Council at its regular meeting Tuesday, August 12 gave recognition to this award and gave congratulations to the employees of the Water Department for their fine work.

This safety record improvement during 1968 was recognized earlier in the year by the State Compensation Insurance Fund when they returned a sizable check to the City.

Sierra Madre Little League All-Star Baseball Team, '69

Pictured above is Sierra Madre's All Star Team who captured the Area 4 championship by shutting out Hastings Ranch 5 to 0 and running over East Pasadena 16 to 4.

Reaching the District 17 semi-finals in Arcadia, the spirited team was edged 2 to 1 by West Altadena. The tournament is a single-loss elimination affair leading to the Little League World Series in Williamsport, Pa.

The "All Star Team" was managed, for an unprecedented third consecutive year, by Bob Jones of the Sierra Madre and Pasadena City Championship "Braves."

Suicide and Attempt Suicide In Our Canyon Calls All Parents To Meet

"Narcotics and Drug Addiction — Living Death for your Child" is the theme of a double-film presentation to be given at 7:45 p.m. Thursday, August 14 at Sierra Mesa School, 160 N. Canon.

The program is sponsored by The Movement To Restore Decency, MOTOREDE — Foothill Committee, with the cooperation of the Sierra Madre Police Department.

Mayor Robert Hartman expressed enthusiasm about the meeting when he was informed of it by Mr. Blair Painter, MOTOREDE program chairman. The Mayor said he is encouraging residents, especially parents, to attend.

Police Detective William A. Kent, head of the department's narcotics division, will give a short talk on "Narcotics and the Law" between the films.

The incentive for the presentation, according to Mr. Dee Zahner, committee chairman, comes as a result of "recent tragic events that

Very Discouraging!

by R. ROBERT EVANS

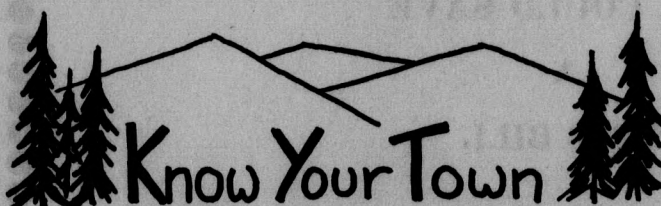

It is very discouraging when it takes a suicide and two attempts at suicide to snap some people to the attention that we do have a Narcotic and drug problem in Sierra Madre, and that something should be done about it.

When this hit our little city a week ago, we found that we have three types of people: 1. Those that want to hear all the gory details; 2. Parents who care about their children and those of others; and 3. Those that want to do something about the situation.

I personally commend MOTOREDE and that group of concerned individuals that want to do something about the situation, I feel concerned about the parents who care, but do not know where to turn.

The hands of our local police and state narcotics agents are tied to a certain extent by the actions of the courts, therefore since we cannot drive Narcotics and Drugs from our community by arrests and convictions, the next step is to become more informed so that we might recognize its presence and can transfer our information to the younger generation.

Every man, woman and teenager in the community should make it a point to attend the meeting called by the MOTOREDE group to be held at the Sierra Mesa School Cafeteria this Thursday evening, August 14 at the hour of 7:45. Here you will face reality; here you will see and hear the "gory details." Your police will be there to tell you the part that they play, and will instruct you in the part that you should play to eliminate this "Living Death" from your community. If you have children; if you are a grandmother or grandfather, you owe it to yourself, your children and the community to be properly informed. This meeting will be your first step to ACTION.

PART II

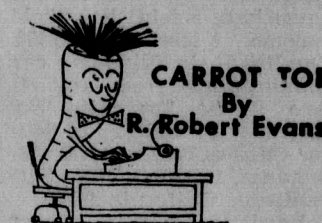

THIS ARTICLE CONTINUES FROM LAST WEEK'S ARTICLE CONCERNED WITH THE QUESTION OF WHETHER THE SGVMWD SHOULD ANNEX TO MWD. BECAUSE THIS IS A TIMELY QUESTION, THE NEXT IN THE SERIES WILL BE PUBLISHED IN NEXT WEEK'S PAPER.

Last week the differing opinions on fixed cost components were discussed by Mr. Perry Brown, proponent of annexing to MWD, and Mr. Edmond Wagner, opponent of annexation in favor of SGVMWD remaining independent. This article compares the pipeline costs and probable tax rates for getting supplemental water directly from the State Project or through MWD.

COST OF PIPELINE

The cost of the pipeline for the State Project is estimated at \$14 million and Mr. Wagner says that San Bernardino will share \$2 million toward the project. Mr. Brown says that there has been no written agreement to date with San Bernardino. The SGVMWD will have

Please turn to Page 6

You know that the Firefighters have a column of their own called "Fireside" and with myself as a member of the Firefighters it makes my opinions a little bit on the biased side, but nevertheless, this column feels that it has something to say and will do so.

— CT —

Sierra Madreans should be extremely grateful for their Volunteer Fire Department, it is one of the most serviceable items that the Taxpayer receives for his tax dollar. The Department now 26 men strong, supporting 3 engines and one truck and a car are on duty call 24-hours a day 365 days a week. Besides this the department also has attached to it what is called Fire Prevention which has two full paid men, still the entire services of the department for the year amounts to less than \$40,000.

— CT —

Now if you did not have the volunteers what would you expect to pay for a full time paid department? Your Police department, supporting about 20 personnel will cost the taxpayers for the 1969-70 year in the vicinity of \$285,000, so it would be safe to say that your firefighters would be cut down to approximately 20 men and would cost the taxpayers of Sierra Madre in the vicinity of \$220,000.

— CT —

Actually if the City would do away with the Volunteers and go to County Services the cost would be in the neighborhood of \$210,000 and this is based on the latest figures of 84 cents per \$100 assessed valuation.

— CT —

In the past month I have seen your Firefighters be called out of bed at 3 a.m. Twice at midnight, and I have seen them on the fire line for as long as 10 hours. Where, I ask you, could you ever hope to receive such dedicated services at such a low cost?

— CT —

We certainly give a "tip of the hat" to Fire Chief Charles Brown and his boys, without them there are a lot of things around Sierra Madre that would not be there, because the Taxpayers just could not afford to pay for them.

— CT —

"Two sides to every coin" is an expression we hear used often. It usually relates to a subject of mutual interest and means anything worth arguing about is worth being considered from more than one viewpoint. Perhaps that is why letters to editors columns in our local paper almost always rate high in their appeal to readers.

— CT —

A good example of how one person's opinion, expressed in a letter to the editor, can quickly become a sounding board for others is illustrated by an editorial printed in a recent issue of the New Orleans Independent.

Please turn to Page 15

Sr. Citizens Warned Of Deadline

More than 50,000 California residents over 65 years of age have already filed 1969 claims for a reimbursement of their 1968-69 property taxes under California's Senior Citizens Property Tax Assistance Law, according to Martin Huff, Executive Officer of the Franchise Tax Board.

Huff said the claims must be filed before October 15, 1969, to be valid. Under the Senior Citizens Law, up to 95 per cent of the property taxes can be reimbursed, depending upon the individual's income.

Senior citizens property tax assistance is available in addition to the \$70 Homeowners Property Tax Relief payment which many persons have already received, he said. This means that a qualified senior citizen could receive the \$70 from the Homeowners Property Tax Relief Program and still get an additional reimbursement from the Senior Citizens Program of up to 95 per cent of the balance of the property taxes.

To be eligible for senior citizens property tax assistance, claimants must be over 65 years of age as of January 1, 1969; must own and occupy their own home; must have paid the property taxes on the home; and must have a total household income of less than \$3,350. Qualified individuals can obtain forms from any office of the Franchise Tax Board or by writing to Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, California 95807.

Deadline for filing senior citizens property tax assistance claims is October 15, 1969.

MANUEL PEREZ, center, of Pasadena, president of the East Pasadena Kiwanis Club, inspects informational folder at the first division interclub Kiwanis meeting held at the City of Hope Medical Center. City of Hope Area Coordinator Jim Morrison, left, hosted the meeting. Looking on is Dr. Robert Shepard, Lieutenant Governor of Kiwanis International who presided at the meeting. Mr. Perez is the vice-principal of Washington Junior High School in Pasadena.

Kiwanis International Clubs Meet 200 Strong At City of Hope, Duarte

Ten Kiwanis International Clubs of division 10, attended the first division interclub meeting at the City of Hope last week, according to Manuel Perez, president of the East Pasadena Kiwanis Club.

Kiwanis Lieutenant Governor Dr. Robert Shepard presided at the meeting, assisted by Area Coordinator for the City of Hope Jim Morrison.

Prior to the dinner meeting, more than 200 Kiwanians had a behind the scene glimpse of radiation therapy, pediatrics and research complexes at the City of Hope.

Highlighting the evening was a program of color slides of the Children's Wing at the City of Hope, shown and narrated by guest speaker Dr. Robert Rosen, chairman, Department of Pediatrics, followed by an open discussion. Guests were enlightened by Dr. Rosen, in the problems of leukemia and the treatment programs consisting of a blending of science and humanism administered at the free, nonsectarian Pilot Medical Center.

Women To Hold News Conference

At 10:30 a.m. on Tuesday, August 12, the League of Women Voters of Los Angeles will hold a news conference to announce its position on the city charter recently proposed by the Los Angeles City Charter Commission.

The news conference will be held in the Board of Public Works Hearing Room, Room 350, City Hall.

Mrs. Barbara Margerum, newly elected President of the League will act as chairman for the press conference.

City Receives Allocation For Police Training

Commission on Peace Officer Standards and Training, stated that Sierra Madre is one of over 400 cities and counties which have voluntarily adhered to the California Peace Officer Standards and Training Program. He stated that the program has been in operation since October 1960 and during that period cities and counties which met or exceeded the standards have trained over 23,000 officers and have received a total of \$7,950,000 in reimbursements from the Peace Officers' Training Fund. Strathman further remarked, "It is of interest to the taxpayers that no State General Fund taxes are paid into the California Peace Officers' Training Fund which finances the Commission's programs. The fund received its revenue from assessments on fines collected by local courts and forwarded to State Treasurer. The assessments are sometimes referred to as a 'use tax,' with only law violators paying the bill rather than the law abiding taxpayer."

Strathman reported that during the past year 3,674 California peace officers averaged over 500 hours of classroom training in the basic recruit course. In addition, 740 supervisory officers averaged in excess of 120 hours of training in the elements of supervision. Over 100 administrators and 600 advanced officers received special training to improve their performance.

The allocation to cities and counties during this period totaled \$2,712,979.

The Commission has determined that over 19,000,000 California citizens, 99 per cent of the total population, are served by police departments and sheriff's offices which meet the minimum standards. One per cent, or under 200,000, reside in just under 50 cities and counties which have not yet taken steps to participate in the program. "It is the goal of the Commission to fully achieve its stated objective of maintaining the standing and reputation of law enforcement in California as the highest and best in the nation in spite of the ever increasing population, the complexity of modern society, rapid transportation and utter disregard for political boundaries by criminal and traffic offenders in creating and ever increasing challenge to the administration of justice in California," reported Chairman Strathman.

Carl Hobson has been elected chairman of the Sierra Madre Red Cross Branch for the coming year. He succeeds Mrs. R. Barden who has served as branch chairman for the past two years. Hobson was elected along with other branch officers and board members during the branch annual meeting in June. Congratulations to Mr. Hobson!

Narcotics Meeting Thursday, August 14

young people before such tragedy hits their own home or the neighbor next door."

In that interest, the local MOTOREDE committee, which encompasses the area of Arcadia, Duarte, Monrovia and Sierra Madre, decided to present two half-hour films, "The Hippies," and "The Pied Pipers." The films show in real life pictures the background of the problem, the methods used to entice youngsters to narcotics and the horrible results.

"Most parents are amazed when they learn of the strong pressures that are being put upon their children to 'drop out and turn

on' with narcotics. Cheap 'pills' are considered a good starter, though they, themselves, can be fatal," said Mr. Zahner.

"When youngsters are given the full, unglamorized information about narcotics and drugs of all kinds, except as prescribed by their physician for a particular illness, and when they understand the fake 'generation-gap' propaganda, most of them will find the strength to resist false ideas that come their way in the future."

Donation is fifty cents at the door, and literature on the subject will be available.

New Director For Anoakia Elementary

Anoakia Elementary School of Arcadia announces the appointment of Mrs. Zona Bond as Acting Director for the fall term.

Mrs. Nixon, who has been with Anoakia nine years, the last eight as Director, is retiring. Her husband Wilbur Nixon, is also retiring, after 40 years of teaching, eleven of which, were in the Pasadena School System. They are moving to their beach home.

Mrs. Bond has been associated with Anoakia Elementary School for six years, first as a teacher, and more recently, in addition to teaching, assisting the Director, Mrs. Nixon, in administrative matters. After finishing Valley City State Teachers College in North Dakota, she taught several years in the Elementary grades before moving to California. Mrs. Bond is married, has two children and lives in Pasadena.

The same high academic program will be maintained and she will be introducing some new methods designed to help the individual child. Testing for all new students will be held in August and September. Appointments may be made by calling the School Office.

Wedding Trip To Carmel For the Newly-Wed James Cliffords, Jr.

MRS. JAMES TIMOTHY CLIFFORD, JR.
... Nee Sallye Carole Donovan

After a wedding trip that included Carmel, San Francisco and Lake Tahoe, newlyweds Mr. and Mrs. James Timothy Clifford, Jr. are now at home at 5555 Klump, North Hollywood.

The marriage of the former Sallye Carole Donovan, daughter of Mr. and Mrs. Paul Anthony Donovan of 520 West Grandview, to Mr. James Timothy Clifford, Jr., son of the senior Cliffords of 2016 Canyon Drive in Arcadia took place July 19 at St. Rita's Catholic Church in Sierra Madre. Rev. Father Thomas O'Malley celebrated the double ring ceremony.

Fashioned of silk organza and imported Alencon lace in a Victorian style, the bridal gown was a Maurer Originals with a high molded neckline of lace and sheer organza in a yoke effect above a bodice of hand clipped lace. Rinkles of lace accented the long tapered sleeves and medallions of lace scattered over the skirt and train were all encrusted with pearls and crystal beading. A crown of Alencon lace, trimmed with seed pearls and crystals secured the sheerest of silk illusion veils. The bridal bouquet was a cascade, arranged on a white Missal, of white ionnette cattalaya orchids, baby's breath, verana pink roses and stephanotis.

The lovely bride, given in marriage by her father, Mr. Paul Donovan, was escorted down an aisle with festooned white satin ribbon held at each pew by large satin bows. Two large baskets of white and pink flowers decorated the altar.

Bridal attendants were all sorority sisters of the bride. Clare Stang of Marina Del Rey was maid of honor and bridesmaids were Phyllis Schneider of Arcadia, Mary Pat Molander and Linda Gibney, both of Downey.

Junior bridesmaid was Laurie Ann Appel and flowergirl was Susie Appel, nieces of the bride and daughters of Mr. and Mrs. Charles T. Appel. The bridesmaid, including the junior bridesmaid, were all gowned in floor length pink sheaths of chiffon over organza trimmed with pink satin a shade deeper. Open nosegays of pink roses, pink carnations, baby's breath, Allphium and pompom

daisy mums were carried by the attendants. Embroidered flowers of deeper shade adorned the floor length pink dress of the flowergirl, who carried a basket of similar flowers.

Serving the bridegroom was Richard Kolbert of Arcadia as best man and Brian Van Fleet, William Scott, Robert Di Grucio and Paul Appel, nephew of the bride, acted as ushers.

Soloist was Mr. Robert Carroll who sang "The Lord's Prayer" and "Ave Maria." Mrs. Betsy Blackman was organist.

A luncheon reception was held for some 200 wedding guests immediately following the ceremony at the Monrovia Woman's Club. On display at the reception, was the most treasured gift received by the young couple. A very special Apostolic Blessing, granted by the Most Holy Father, Pope Paul IV, on the occasion of their wedding was beautifully done in colors on parchment, in a gold leaf frame trimmed in green velvet.

The former Miss Donovan is a graduate of Alverno Heights Academy, Mount St. Mary's College in Brentwood where she was a member of Kappa Delta Chi.

The bridegroom attended La Salle High, the University of San Francisco and Oregon State, and was affiliated with Theta Chi.

Sierra Madre Receives Share

State Controller Houston I. Flournoy today announced the distribution of \$54,281,988 among the State, cities and counties as the July apportionment of highway users taxes.

LA County's share was \$4,053,923.42, and Sierra Madre City's share was \$11,638.67.

A total of \$13,853,503 went directly to the counties; \$11,837,728 to cities; and \$28,590,757 for expenditures on state highways.

The total was derived from the following sources: gasoline tax \$49,872,896; diesel fuel tax, \$2,979,375; by transfer from the Motor Vehicle Transportation Tax Fund, \$1,428,542, and the balance from miscellaneous sources.

Neighbors

Two years ago Simon Smith, the son of Alan and Cynthia Smith was chosen by the American Friends Service Committee to go to Mexico City to spend several weeks with the De Hane family. Their son, Robin returned with Simon to live with the Smiths. He attended Wilson Jr. High with Simon, helping many of the students with their Spanish. For this he received a special award.

Now Simon's 11 year old sister Amanda, is following in her brother's footsteps. On June 25 she flew by herself to Mexico City to visit the De Hane family. They are taking her to see all the interesting and important places in Mexico City and also a trip to Acapulco. When she returns on August 12 she will be accompanied by Jacqueline De Hane, who will spend 3 weeks with the Smiths.

Many exciting things are being planned for Jacqueline while she is here. Of course Disneyland tops the list of things to do, with a trip to Universal Studios, Lake Tahoe and San Francisco also being anticipated. Mrs. Smith says she hopes to be able to find time for a party for Jacqueline so that she can meet some of our fine young people of Sierra Madre.

What a wonderful experience for these young people, and what better way is there to learn about the people and customs of another country?

It's kinda hard for the Don (Linda) Burleson family to get back into the swing of things after a two week motor trip up the coast as far as Oregon. Since they took their trailer, most of the trip was spending and admiring the beauties of nature. Among the places they stopped were Eugene, Bend, Crater Lake National Park, Medford then in California, Chester and Lassen National Park. It was rather a surprise to find that they were not the only ones getting away from people and civilization — a lot of other people had the same idea. But all enjoyed the vacation very much and look forward to going again soon, even though they just returned August 4. Sharon, who is almost 5 years old, and 3 year old Susan thought the vacation great fun, too.

In Pomona

Mrs. Ann Tyler has entered her knitting in domestic arts competition at the Los Angeles County Fair to be held here Sept. 12 through Sept. 28.

She resides at 223 San Gabriel Street in Sierra Madre.

Letters To the Editor

Dear Editor:

I feel compelled to ex-
press an appreciation for
one of citizens serving Si-
erra Madre. Many parents
share this gratitude but too
often we fail to say the
words, "THANK YOU."

I refer to the endless ef-
forts of Roger Keith for the
benefit of our children. He
is a familiar figure teach-
ing swimming to the mass
of youngsters participating
in the Red Cross Swimming
Program but more impres-
sive is his dedication to our
Sierra Madre Swim Team.

An excellent coach is ex-
pected to shape a diverse
group into a fine working
unit. He should take chil-
dren at their individual
levels with their unique
psychological problems and
guide them into their spe-
cial places within the team.
This, Roger does excep-
tionally well but he also
gives the children MUCH
more!

Children who are not na-
turally competitive, who are
even fearful of competition
learn an ease, a confidence
from him. What a beautiful
gift it is for a parent to see
his child mature from a
weak, insecure attitude
about himself into one of
confidence. Better still is the
development from "selfism"
to "teamism." When a child
begins to think, work and
perform not for himself but

PERSONALS

SUSIE Q — There are
Cleaners and Launderers all
over the area, and a
whole fist full of those
coin operated Laundra-
ries, but nowhere, abso-
lutely nowhere can you
get 4 shirts laundered on
hangers or in a box for
99c. Just try and get a
suit cleaned and pressed
for 99c. Everyone says
that Vogue Cleaners and
Laundry are going broke,
and I have seen 'ole Jack
crying all the way to the
bank, so he tries to in-
crease his profits by giv-
ing Blankets, cleaned and
in Cedarized poly bags for
99c; of course Electrics
are only \$2.49. Whata
guy; you just cannot beat
his merchandising me-
thods, nor his craftsman-
ship either — GLORIA

HAPPY — What a hell of a
mess; I brought the hon-
ing board and the iron
thought you meant what
you said and misinter-
preted the date. I will be
there again on the 15th at
8 p.m. and hope I got
things straight this time
— JOHN HANCOCK

HAROLD — Hold on big
boy. I was there with
bells on found the door
ajar, and since this was
not part of the plan, de-
serted in a hurry. You
must spell out all the
rules of the game if you
want me to play. With
the new rule will try

Know THE FOOD

by JEANNETTE

How would you like to make 700 per cent profit on
an investment of a few dollars? If you lived back in the
year 1797 and owned a small American schooner that
carried 75 tons of Black
Pepper you would realize
that fantastic profit. After
this hundreds of fast

Fire Call

released the men and equip-
ment at 5:31 to return to the
station and prepare for the
next call.

The second in the weeks
series of Fire Alarms sound-
ed at the hour of 8:38 p.m.
Monday to 509 West Grand-
view to a car fire.

Engine 424 arrived at the
scene of the fire in 3 min-
utes 49 seconds to find that
the front seat of a 1966
Chevrolet 2-door was afire,
the fire was reported by a
Jane Doe.

Twenty-one Firefighters
and 1 Reserve answered the
alarm and after extinguish-
ing the fire did a wash
down job in front of the
Royal Drug Store. Chief
Charles Brown estimated the
damage to the car at \$150
to \$200, and after the wash
down released the men and
equipment at 9:55 to return
to the station and prepare
for the next call.

Engine 423 was on stand-
by with trucks 421 and 422
and car 426 responding to
the alarm. This was the
62nd alarm of the year as
compared to 35 at this time
last year for Fire Suppres-
sion. For both Suppression
and Prevention a total of
155 responses have been
made this year compared
with 77 a year ago.

Highland College New Curriculum

Education that challenges
both the intellect and the
highest spiritual capacities
of Christian youth is the
aim of Highland College,
according to Robert E. Kof-
ahl, B.S., Ph.D., president of
the college.

This four-year liberal arts
institution provides training
designed to prepare gradu-
ates who are capable and
committed to the service of
Jesus Christ in obedience to
God's Word the Bible, and
who have the academic,
moral and cultural founda-
tion necessary to make them
effective and productive
citizens in the modern
world. Independent and
without tax support, High-
land College is committed
to our constitutional repub-
lic and to the free enterprise
economic order.

Among new additions to
the faculty this fall are
Frank Sutherland, M.A.,
Ph.D., psychology; James
Marshall, B.A., M.Div., Bib-
lical Languages and Bible;
and Mrs. Donna Schuyler,
education. Also recently en-
larged departments are His-
tory with John M. Pafford,
B.S., A.M., and Business
and Economics with Richard
J. Reardon, B.A., M.B.A.,
D.B.A.

Local Office In Pasadena**Activities Of Local District Attorney's Office Disclosed**

Editor's note: This is the last in a series of five articles describing activities and organization of the Los Angeles County District Attorney's Office, including the branch serving this area. The information is based on a recently-published annual report.

PART V

FIFTH — change led to a better understanding of and cooperation with law enforcement on the part of citizens and to educate the public on how to protect themselves from criminal activity is the main purpose of the field operations section of the District Attorney's Office, according to Dist. Atty. Evette J. Younger.

In charge of this program is Chief Field Deputy June Sherwood, assisted by Al Collier, Victor Barrera, Bill Herrera and John Devoe. Field operations is part of the administrative staff group and is involved in programs of public information and education, the District Attorney's Young Citizens Council and the District Attorney's Advisory Council.

During 1968, members of the field operations staff and deputy district attorneys spoke to groups throughout the county in an effort to communicate with the over seven million persons who reside in Los Angeles.

As part of the information and education program, the section distributed pamphlets, forming part of the District Attorney's Information Series, including "Operation On Guard," "On the Alert" and "The Battered Child."

A new pamphlet, "Drug Abuse and the Law," was distributed for the first time and received much public acceptance in explaining the dangers of drug abuse. This booklet also contains an understandable summary of the law relating to narcotics and dangerous drugs.

The youth program of the

Young Citizens Council involved students at many high schools in the county, and major events included seminars on drug abuse, the training of teenagers to speak on the dangers of narcotics and drugs to their peers, and the ride along program, which permitted young people to ride in police patrol cars to observe law enforcement in action.

Approximately 400 young people from 75 high schools participated in the drug abuse seminars and over 150 took part in the ride along program.

Advisory Council

The advisory council is composed of civic-minded men and women who, as volunteers, assist Dist. Atty. Evette J. Younger's efforts to communicate with the approximately 7 million residents of Los Angeles County.

They serve as a channel of information regarding law enforcement and its problems. From time to time their views on proposed legislation are also sought by the District Attorney.

The council has three permanent committees: legislation, speakers bureau and youth committee.

The legislation committee is charged with helping to educate citizens regarding proposals made by the District Attorney's Office, while the speakers bureau makes available to clubs and organizations, community leaders who are able to speak on law enforcement topics.

The youth committee supports the Young Citizens Council with guidance and assistance.

Another aspect of field operations last year was the series of Spanish-language program on KMEX-TV, in which stress was placed on working of the system of criminal justice and the relationship of the citizen to law enforcement.

In addition, field operations provided personnel to various cities helping them launch crime and delinquency prevention programs.

Also attached to the administrative staff group is the administrative services division and the news secretary.

Administrative services, headed by William E. Curry, and aided by Brian Torney, senior administrative assistant, has the responsibility for providing the personnel, material, equipment and administrative assistance needed to efficiently accomplish the goals of the District Attorney's Office.

The division has four sections: clerical, data processing, personnel and payroll and staff and office services division.

The main responsibility of the new secretary, Jerry Littman, is to keep the press, radio and TV informed of activities within the Los Angeles County District Attorney's Office.

Keeping the press informed and through the media, the public, is an important consideration, Younger related.

This is accomplished in many ways, such as news releases, the preparation of pamphlets, calling of press conferences, scheduling interviews and preparing reports for members of various advisory groups.

Attend the church of your choice this Sunday.

From the**FIRE SIDE****By One of the Boys**

It seems that just about every time some of the firemen get together somewhere for a celebration of one kind or another the fire horn blows and breaks up the festivities.

It happened during the Four of July picnic last year, it happened again at the Halloween party, when the boys turned out in a weird assortment of costumes, at the Christmas dance it happened and during the wedding of one of the members. Now the other night some of the "old crew" had gotten together to celebrate the Chief's "better half" (Ruth) birthday and they were just getting ready to seat down at the festive board and, off it goes again. It turned out not to be much of a fire, just enough to throw off the timing for the surprise party. But that's just another chapter in the life of the "Santa Fe Kid."

Well, a Happy and a smoky birthday to you Ruthie. (By the way this is her 29th birthday, at least that's what I was told.

It seems that most of the fellows now have their vacations out of the way now and the captains are keeping pretty close check on the duty crews on the weekends to make sure that they have full crews available. With the coming of the peak of the brush fire

season the boys ought to be pretty sharp and ready for most anything.

Rookie McMahon has sure been keeping the water cooler in good condition and he's been so darned faithful about making sure it was well iced that he was suffering from frost bite of the fingers last Tuesday. In another couple of weeks he'll be as good as new. (I can't vouch for just how good that is yet, but he'll probably make the grade.)

On the 19th of this month the boys will host the San Gabriel Valley Firemen's Association meeting and this is always an outstanding affair. Joe Signorino is lining up all the goodies and you can bet there won't be anybody go away from there hungry.

When these meetings are held in Sierra Madre they usually manage to have one of the best turn-outs of the year and this year should be no exception.

By the way the Chief has recently initiated a new policy. He told all the fellows that with all the training we've been getting here of late that he didn't want to see anybody making mistakes, so now he leaves his glasses at home and things are working out fine.

Know Your Town

approximately \$2 million toward the project and proponents of annexation state that the MWD will pay back the money paid to the state with interest to the district which then could be applied to the cost of annexation. In turn the MWD would take over the State Contract.

TAX RATE

The current tax rate for the MWD is 16c and for the SGVMWD is 12c. Mr. Brown states that if the SGVMWD were to go ahead with the state project, in the 1971 the district would have a tax rate of 55c tapering down as years go by. By joining the MWD and applying the \$2 million repaid to the district by the MWD for annexation fee a maximum tax rate of 34c can be kept and would start tapering down in 1984. Tax rates are established by the district and are subject to change at the will of the district. Mr. Wagner points out that L.A., largest member of MWD, has been paying approximately 1/3 of the amount of taxes for the entire MWD and is receiving only 8 per cent of the water. Unless a more equitable arrangement can be made they are considering dropping from the district.

If this happens, no one knows how their share of the burden would be met; by other members picking up the tab or by legal authority decreeing that L.A. would need to honor the contract. Mr. Wagner further states that the cutting of tax rates without including the cost of water is meaningless since the total cost need to be met. Total costs are met by the combination of revenue from taxes and water.

Next week KNOW YOUR TOWN will conclude the series on the question of SGVMWD's annexation to MWD. The article will deal with the differing theories and kinds of water involved.

**What
to give
your wife
for her
birth day.**

Baby, have we got a solution. It's called money. It'll do all sorts of crazy things. Like make rooms appear around your home. Bedrooms, family rooms and bathrooms. You'll be surprised how a little extra money can give you a lot more room.

There's no sense crying over high mortgage interest. Soaring interest on new homes can be a big pain in the pocketbook. And there's no end in sight. All the more reason why you should give serious thought to increasing the size of your present home. Then again, maybe all you need is some cash to slap on a coat of paint. Or lay a new carpet.

Keep little additions from costing a bundle. That's where First Western Bank comes into the picture. We've got the bucks to back your ideas. At reasonable prices. So, if you're shopping around for \$7,500 or less, come on in. Let's face it, we didn't get to be a \$900 million bank by saying no.

The 63rd District Official Visit of the Grand Worthy Advisor of California, Miss Anita Anderson, and her Grand Officers, the Supreme Deputy, Miss Barbara Campbell, and the Supreme Worthy Associate Advisor of Supreme Assembly, Mrs. Florence McDonald, was held on Saturday, August 2, at the Masonic Temple in Arcadia. It was hosted by Arcadia Assembly No. 131, International Order of Rainbow for Girls, assisted by members of the Rosemead and Temple City Assemblies. The Arcadia Assembly has the honor of having a member, Miss Martha Tidwell, Past Worthy Advisor, as

GWA Visit

Grand Representative to the Philippines, Okinawa and Guam in California. Martha's mother was gracious hostess to the visiting Grand Officers in her home during the weekend of the Official Visit, as well as to a swim and slumber party to which all the Rainbow Girls were invited. A dinner was served to approximately 75 guests and local girls by members of the Rainbow Girls Mother's Club prior to the evening meeting. The dining hall was beautifully decorated in yellow and orange in keeping with the theme of the Worthy Advisor, Miss Mary Koumas.

Aqua Fair To Be Aug. 23

Parks & Recreation Plan Month Fun and Activity

Dodger Stadium

The Sierra Madre Parks & Recreation Department will sponsor a Kids Night at Dodger Stadium on Tuesday, August 26. The program is open for boys and girls, ages 7 to 15. Seven and 8 year olds must be accompanied by a parent or responsible person. Buses will leave Sierra Vista Park at 6 p.m. and will return at about 11 p.m. The fee is \$1.50, which covers admis-

sion and transportation. The number of openings is limited and on a first-come-first-serve basis. Adults are invited to participate with their children in this activity. Register at the Parks & Recreation Department at City Hall. For information call 355-7135.

"Last Concert Under Stars"

The last in a series of seven "Concerts Under the Stars" will be held on Friday evening, August 15 at Memorial Park. The final concert of the summer season will be a presentation by the Sierra Madre Concert Band. A special intermission performance will be put on by the Arcadia Gaslight Chorus in a barbershop quartet presentation. Also, a special youth choral group will be on hand to entertain. The concert will be under the direction of Mr. Dana Moffat.

Swim Lesson

There are still openings in swim classes and there is still time to have your child learn to swim before school starts. The Sierra Madre Parks and Recreation Department will conduct two more swim sessions. The next session will begin on Monday, August 18, the final session will begin on September 2. The program will include swim lessons for beginners, advanced beginners, intermediate swimmers, tiny tots, advanced tiny tots, and mother and me.

Evening classes will be held for tiny tots and adults. The fee for all above classes is \$5. Register at the City of Sierra Vista Park. Call 355-7275 for further information.

Aqua Fair

The twelfth annual Aqua Fair which is sponsored by the Sierra Madre Parks and Recreation Department will be held on Friday, August 22 and Saturday, August 23. The program will begin with musical entertainment and an exhibition by the Sierra Madre Swim Club. The program will begin at 8 a.m. The theme for this year will be "Underwater Fantasy." The program will be comprised of students of the water ballet class and the Sierra Madre Pool Staff. The public is invited to come and bring their families. Admission is free. The program will be held at the Sierra Madre Municipal Pool at Sierra Vista Park.

FIRE SIDE

Speaking of drills, the one held recently on a hot summer evening at the settling basin, testing the new portable pump, turned out to be a humdinger. There was nobody came away from there dry, including Signorino who tried to hide like a statue behind a couple of turnout coats. He ended up being a close-range target. There was a time when the Chief could manage to stay dry but either he is losing his touch or it was so darn warm that evening he didn't care; he ended by with a liberal sprinkling.

The department has several real good drills slated for Friday nights and some of them are a real challenge for all concerned. Included are a couple involving outside departments and you can bet they be humdingers.

'Meaningful Tax Reform & Relief Urged By Dorn

Statewide drive to gain "meaningful" tax reform and property tax relief was initiated today by Supervisor Warren Dorn.

On Dorn's motion, the Board of Supervisors instructed the Chief Administrative Officer and County Counsel to work with the County Supervisors' Association of California on development of a constitutional amendment to submit to the voters.

Dorn, president of CSAC, said "it appears — especially property owners — will get little or nothing in the way of relief out of Sacramento."

He criticized moves by the governor and "others in Sacramento" toward a state property tax.

Dorn said the amendment would include prohibiting the state from forcing programs on counties unless the necessary funds flow with the programs.

"One reason county property owners cannot gain tax relief is that the state and federal governments mandate various programs including welfare — but fail to supply the funds forcing this burden on property owners," he added.

SIERRA MADRE NEWS—7

Letters To the Editor

Dear Editor:

The following is a copy of a letter sent to Mrs. Don Redmonds concerning the "Know Your Town" series on supplemental water.

On August 4, I received the enclosed write up prepared by the League of Women Voters along with a request that I initial the document. I am sorry that this was not presented sooner, as there are several statements that I believe need further clarification, and therefore I do not feel that I can agree to approving the paper as it now stands.

Specifically, the objections are as follows:

Page 1: California State Law does not require all areas of Southern California to have a source of water in addition to present supplies. Various basin agreements have been adjudicated by the courts (such as the Raymond Basin) may in effect require all producers to obtain supplemental supplies.

Page 2: Under heading of fixed costs — The impracticality of the fixed costs I have given are MWD will include swim lessons fixed costs. This is not correct, as the figures given were fixed costs for the MWD in any way.

Second article, page 1: The further reference to the \$2 million toward the project is very confusing, as this does not apply to the pipe line project. Pages 2, second article: The statement is made that MWD will repay the District \$2 million; This is not correct. MWD will repay to the District all monies paid to the State by the District with interest. This will amount to somewhat less than one million. The District will have other funds available to help defray the costs of annexation, and the total may be in the order of \$2 million.

Regarding the material in the third article. There is a

great deal of difference in the figures quoted for the two alternatives. I have submitted a set of figures that were prepared by the District and the various consultants retained by the District and the source material is available for checking. The figures quote by Mr. Wagner are at great variance with these figures, and I believe some more detail of the derivation of his figures should be given.

It is also stated that the election is to decide whether to remain in SGVMWD or to join MWD. This is not correct. It is proposed that the District itself will join MWD as a member agency, and as such will be entitled to representation on the MWD Board. The District would continue to function as it does now to fulfill its obligations to secure the best and most economical source of supplemental water for the members.

It is realized that both sides of the question must be presented by your organization, but for the reasons stated herein, I do not feel that I can give a blanket approval to the series of articles.

— Perry H. Brown

Census Bureau At Work Again

A sample of residents in this area will be included in a nation-wide survey of employment and unemployment to be conducted during the week of August 17 by the U.S. Department of Commerce's Bureau of the Census, according to Leonard C. Isley, director of the Bureau's Regional Office in Los Angeles.

Checks Mailed To Homeowners

State Controller Houston I. Flournoy today mailed 69,114 checks of \$70 each to Californians certified by their county assessors as eligible to receive the Homeowners Property Tax Relief payments.

This was the third distribution of payments under the program initiated by the legislature and approved by the voters in 1968. The first two distributions on June 13 and July 9 totaled 2,378,000 such checks to other claimants.

Flournoy said some county assessors still are processing applications received by the May 23 deadline for filing. Future payments will be made as the certified applications are received in the Controller's office in Sacramento, he said.

The payments represent a rebate on 1968-69 property taxes. For subsequent years, eligible applicants may qualify for \$750 exemptions on the assessed value their property for local property tax purposes.

Most (43,459) of today's checks went to Los Angeles county.

The survey is made each month from the U.S. Department of Labor to determine the number of persons with jobs, the number looking for jobs, and the monthly unemployment rate. The survey furnishes a basic measure of the nation's economic health.

Information obtained in the survey can be used only to determine statistical totals, and facts about each person and family are kept completely confidential.

Shop with your local merchant, he will always treat you right and be available to help you.

...to spend ^{anywhere} ~~as~~ we please

WE MAY get our money from a job in industry, from a one-chair shoeshine business, or for working as janitor, bank president, or some other useful activity. But what we do with what's left after taxes is our own personal business.

Of course, with some necessities coming first, we may not always get to buy WHAT we'd like to, but there isn't much to keep us from spending our money anyWHERE we please.

And this decision...WHERE to buy...is pretty important...because WHERE we spend a dollar has considerable bearing on WHERE and how handily we can get our dollars in the future.

When we choose to spend our money in our own community, where its circulation can create many more dollars of trade volume to boost our local economy, then we can make a better living easier here.

It Pays to Buy Where You Live

These firms are genuinely interested in the future of our Community and your welfare . . . patronize them

You and Your Neighbor

Stewart MacInnis of 501 E. Montecito recently returned from three weeks at Ft. Lewis, Wash., with the Reserve. A Major, he was in charge of expediting the transportation home for returning Vietnam veterans. These boys are the first phase of the 25,000 men President Nixon is bringing home from Vietnam and it must have meant quite a lot to them to be able to have civilian clothes available, places to change, places to rest before catch-

ing the flight for their final leg home. Not only that, but Major MacInnis and his men had everything so organized that it took only two hours to process each man. The military flights bringing the men into Ft. Lewis arrived around the clock — just as wars go around the clock — and the Major and his crew worked 18 hours shifts with 36 hours off before returning to duty again. To be processed in only two hours before continuing on their journey homeward must have been wonderful especially after spending 18 hours in flight.

Mac returned home just in time to share a bedside vigil with wife, "Bunnie" when their middle child, Holly Beth was seriously ill with an intestinal gangrenous condition apparently caused by adhesions from an operation two years previously. It was touch and go for about 5 days, but we are happy to say that Holly Beth is home and well on the road to recovery.

Ann Avon graduated recently from the International Guiding Eyes Dog School, North Hollywood. She has received a beautiful 2 year old silver, cream and black German Shepherd. Her dog was named Cinderella because she was crazy about shoes when she was a puppy, but Ann calls her "Cindy." Trainer, Arthur Marinaccio says Cindy is now worth over \$3,000.

Republicans-Democrats — Alike

Sen. H. L. Richardson
Uncovers Facts From Poll

An overwhelming majority of citizens favor stronger home rule in government but they have broad differences of opinion on tax reform and other issues.

This was disclosed by results of the latest opinion poll taken by Senator H. L. Richardson (R-Arcadia) in the 19th Senatorial District, which he represents.

In support of home rule, 84.8 per cent of those polled said they favor legislation to restore local government's right to legislate on such matters as topless entertainment, prostitution and other morals problems. Only 11.2 per cent opposed such local controls.

"It is significant that the opinion poll results showed little basic difference in the attitude of Republicans and Democrats," Senator Richardson said, adding:

"The poll results disclosed that a majority of all Democrats as well as Republicans appear to be fed up with the drift away from sound law observance and law enforcement and want more responsibility in government at all levels."

More than 20,000 persons returned questionnaires in which the 19th District Senator requested citizens' opinions on 22 current issues. Fewer than five per cent of the persons solicited failed to respond.

"This indicates a healthy growth in the concern of the grass roots citizen in his government," Richardson said, noting that the "no response" figures have been higher in previous polls.

Richardson reported that 18,989 (91.47 per cent) of those polled said they favor or preserving the right of the people to vote on local school tax overrides. Only 956 persons expressed opposition to this fundamental right, he said.

In response to a question on dismissal of teachers who advocate disobedience of the law at school, 95.2 per cent of the Republicans and 84.9 per cent of the Democrats who responded said they would favor such action.

Partisanship appears to have little to do with attitudes on marijuana, Senator Richardson said, with 83 per cent of the Democrats and 89 per cent of the Republicans opposed to making sale, possession and use of the drug legal.

On the withholding system for payment of state income taxes, 40.4 per cent of the Republicans favored and 52.4 per cent opposed the proposal, as compared to 50 per cent of the Democrats in favor and 44 per cent opposed.

Retention of the death penalty was favored by 79.7 per cent of the Republicans and 66.6 per cent of the Democrats and opposed by 15.4 per cent of the GOP responses and 28.8 per cent of the Democrats.

Senator Richardson's proposal for reducing the length of terms of University of California Regents and State College Trustees was supported by 79.1 per cent of all citizens, with 74.8 per cent of the Democrats and 82.4 of the Republicans in agreement.

Registration of all firearms is favored by only 46 per cent of the persons who

responded, and is opposed by 50.1 per cent, Richardson reported, noting that 55.4 per cent of the Democrats favor such registration while 54.2 per cent of the Republicans are opposed.

Both Republicans and Democrats overwhelmingly favor criminal prosecution of persons distributing obscene material to minors, with 94 per cent of the Republicans and 89.4 per cent of the Democrats supporting the action, and only 3.9 per cent of the Republicans and 7.3 per cent of the Democrats opposed.

Only 33 per cent of the Democrats and 20 per cent of the Republicans polled favored reducing the voting age to 18 years, with 73 per cent of all voters opposed to the proposal.

In the area of property tax reduction, citizens were asked to indicate which services should be cut if curtailment of some service became necessary to bring about the reduction.

Cuts in welfare services were favored by 73 per cent of all who responded and opposed by 17.6 per cent with 64 per cent of the Democrats and 78 per cent of the Republicans favoring the cuts.

Costs of education should not be curtailed, according to 60 per cent of those polled. Only 21.8 per cent of the responses favored a cut in education as a means to bring property tax reductions.

Reductions in Medi-Cal were almost evenly favored and opposed on an overall basis, with 39.9 per cent in favor and 40.4 per cent against. On the other hand, 52.8 per cent of the Democrats polled were opposed to Medi-Cal cuts and 27.6 per cent favored, as compared to 34.7 per cent opposed and 45.9 per cent in favor among the Republicans.

Cuts in mental health budgets as a means of reducing property taxes were supported by 21.5 per cent of all persons who responded and opposed by 57.8 per cent with both Republicans and Democrats apparently opposed to drastic cuts in the mental health program.

Business inventory taxes apparently are slightly more popular with Democrats than with Republicans, with 46.5 per cent of the Democrats favoring them and 49.2 per cent of the Republicans opposed.

Sales, income and other taxes should be increased in favor of a reduction in property taxes, according to 59.2 per cent of all who responded, with 54.8 per cent of the Democrats and 62.1 per cent of the Republicans supporting the proposal.

Opposition to an increase in state taxes in order to give more money to schools was indicated by 56 per cent of the Democrats and 58 per cent of the GOP voters polled.

While a majority of both Democrats and Republicans said they favor the charging of tuition by the University of California and in state colleges, the majority in both parties are opposed to tuition on the junior college level, the opinion poll disclosed.

Out of the Cobwebs

Sixty Years Ago:
August 6, 1909

A joint meeting has been called for Saturday evening of the City Trustees, Board of Trade committee on municipal water, and the Water Company trustees. At this meeting it is expected that steps toward a definite proposition on the municipalization of the local water system will be taken.

Chief J. A. Gilbert of the Volunteer Fire Department has a good scheme for bettering the fire protection of the town. If carried out according to his suggestion the efficiency of the volunteer department will be greatly increased. The plan proposed is for each house owner to have a two-inch fire plug installed on his own property, the fittings to conform to those on the fire plugs which will be installed at various points about the city by the city trustees. These fire plugs would be independent of the domestic service pipes, being connected directly with the mains at the nearest point.

About a score of guests were given an evening of unalloyed pleasure at the home of Mr. and Mrs. Charles Hall Perry last Saturday evening, the feature of the entertainment being the playing of Mr. Bruce Gordon Kingsley, the eminent organist and pianist, who is an intimate friend of the Perrys.

Miss T. H. Graham, accompanied by her niece and nephew, Jessica and Samuel, has gone to Coronado for a month.

Miss Nita Randall, Miss Esther Snyder of Downey, Earl Truitt of Whittier and A. A. Randall formed a party for the ascent of Mt. Wilson last Saturday evening. They returned Sunday afternoon.

About forty picnickers enjoyed the hospitality of the Christian Endeavor Society's social committee in the Villa canyon last Friday evening. Bright moonlight, hot wiener sandwiches, balmy

air, cold mountain water, hot coffee, songs and various other things were ingredients which helped make the occasion enjoyable.

Argonaut — Gutzon Borglum, the sculptor, whose work is familiar through occasional exhibitions of his striking equestrian figures in bronze and other imaginative creations, has completed a group, "North America," for the Bureau of American Republics at Washington. Borglum has gone to the Funnison district of Colorado for his summer vacation, but upon his return in August the marble group is to be cut in the rough at Washington. It will receive the finishing touches on site upon the building for which it is destined.

Forty Years Ago:
August 9, 1929

Poisonous Black Spider Found Here — "Black Widow's" Bite May Prove Fatal Unless Aid Is Given—Specimens Are on Display at Sierra Madre News Office. Residents of Sierra Madre are warned to be on their guard against the poisonous "Black Widow," a spider whose bite is likely to prove fatal unless the victim is given immediate attention. Three of these venomous insects have already been found on the premises of the Plaza Children's Home in this city, and one of them is on display in the News office window. Other local persons report having seen them but were not sure they were harmful. This is the only poisonous spider in the state, according to authorities, and persons are cautioned to avoid dark or damp places at this time of the year, especially. Etc. etc.

That Sierra Madre is soon to have a new Pacific Electric station designed along Spanish architectural lines, was the pleasing announcement made at Monday night's meeting of the Chamber of Commerce by President C. B. Klunk, who has been in conference with

— Please turn to Page 11

On July 20, 1969,
electric heat
was installed on the moon.

It sat smack in the middle of a spot called the Sea of Tranquility.

Although the information is classified, we assume that electric heat was chosen to ride 240,000 miles into outer space aboard the Apollo 11 because it is compact and unbelievably efficient.

After all, only electricity delivers heat that's flameless, odorless and silent.

And since the temperature on

the moon can dip to minus 250 degrees on a clear night, you know the most modern and reliable system our best brains could put together, was needed. Repairmen are scarce up there.

Of course, the fact that electric heat costs less to install, doesn't need a chimney or flue and can actually boost the value of your home weren't the reasons for its choice. Our space agency had more to worry about than that.

Actually, the electric heat system our men on the moon used to keep warm is very much like the ones you'll find in millions of apartments and homes right here on Mother Earth.

If you're interested in electric heat or electric cooling, call your local Edison office.

In short order all systems will be go.

Registration Change!

Californian, particularly southern Californians, are a restless breed. Nothing is more useless than last year's Los Angeles telephone directory.

One result is that a fisherman away from home can be deprived of his right to vote at an upcoming election. Along with felons, those with mental impairments, and aliens.

Two political scientists at the University of California estimate that last year 3.25 million Californians of voting age were not registered. That is more than 25 per cent of the voting age population.

The politicians, Edmond Costantini and Willis D. Hawley, say unduly restrictive voting laws are the trouble.

They urge reform, and they particularly recommend adoption of the residency requirements proposed by the President's Commission on Registration and Voting Participation: 30 days in the community and county and six months in the state.

They want to place the responsibility for voter registration on state and local government through the appointment of deputy registrars in each precinct.

Or, alternatively, they suggest register-by-mail, with forms available in supermarkets and department stores, or mailed to each home with the utility bills.

The idea is to involve a greater percentage of Californians in the electoral participation, on the theory that involving people in setting the goals increases their commitment to the system.

For the same reason, Costantini and Hawley recommend the complete elimination of literacy requirements (California requires only an affirmation that the voter can write his name and read the State Constitution in English) and that convicted felons be allowed to vote once they have paid their debt to society.

The purpose behind all this is to improve California's voting record. In the nine presidential elections from 1936 through 1968 California has ranked only 30th among the states in the percentage of voters, and has generally had a lower turnout than the other large states. That means only about 64 per cent of Californians of voting age actually turned out to the polls.

When there is an artificial barrier between the citizen and those who presumably represent him, that is expensive to a democracy.

To Equalize Tax Burden

Multitudinous have been the suggestions made in the current debate over the need for tax reform; but one central theme is dominant: the achievement of a more equitable sharing of the burden of costs of government at all levels.

Exemptions now granted such private enterprises as foundations and churches — at least in so far as they engage in profitable sideline business — are among the favorite targets of discussion. Little has been said, however, about the tax advantage enjoyed by governmental agencies engaged in business competitive with private industry.

Something is now being said about it in California. A bill — AB1618 — introduced by Assemblyman William T. Bagley of San Rafael would equalize the tax burden of consumers of gas and electricity in the state by eliminating the exemption now enjoyed by public-owned utilities. Whereas the investor-owned electric utilities now pay to state, county and local governments, as well as school districts, an average tax of 14 per cent of retail operating revenues, and gas utilities about 7 per cent, public-owned agencies pay almost nothing.

The Bagley measure would provide for an excise tax of approximately 14 and 7 per cent on the retail revenues of these two types of government-owned utilities, which as present rates is equivalent to the state income, local property and local franchise levies paid by the state's investor-owned utilities.

Such a tax as Bagley seeks would provide new revenues in excess of \$50 million, to be divided 10 per cent to the state, 20 per cent to the counties, 20 per cent to the cities and 50 per cent to the school districts in which the government-owned utilities sell electricity and gas.

Obviously, the customers of those public utilities — about 20 per cent of the consumers in California — would have to pick up their share of the state and local tax burden, just as the 80 per cent who buy from investor-owned utilities have been doing all along. But the former still would be exempt from the effect of federal taxes on their utility bills.

Acquisition of the new revenues from this levy would make possible a great deal of new financial aid now badly needed by local school districts without any increase in property taxes. And it would do it in an entirely equitable manner.

In no way is the Bagley bill an attack on public-owned utilities or their customers. It merely puts them on an equal footing as contributors to the costs of government.

And that is what tax reform is all about.

Beer Buff, Beware!

Recently a church-sponsored social event was held in Fresno which included, along with a number of lawn games, a nicely prepared dinner on the estate of one of the church's more affluent members.

The gathering was attended by a number of young marrieds and two clergymen, one being the head minister, of a conservative nature, and the other a young buck, good beer drinker and advocate of the "new religion."

When the fruit cocktail dessert was served, the younger minister, between sips of cold beer, carefully picked out the grapes and announced that he was not going to eat them — a demonstration of his support of the current so-called grape strike in California vineyards. Inspired, possibly, by that good old hymn which goes: "Mine eyes have seen the glory of the coming of the Lord. He is trampling out the vintage where the grapes of wrath are stored . . ."

The young priest did, however, agree to drink the juice, for which he was given a tumultuous round of applause.

For the sake of all Americans who enjoy a cold beer — including, of course, any beer drinking clergymen — one can only hope that Cesar Chavez doesn't decide to take on the hop industry next.

SENSING THE NEWS

AROUND THE U. S. CAPITOL

One of the questions people often ask is where the extremist organizations get money to finance their activities. Part of the answer is that they get it from liberal religious groups such as the Inter-religious Foundation for Community Organization (IFCO).

The public has a need to know about the operations of a foundation of this type, for it is given tax-exempt status under the law. This is a privilege. If the privilege is abused, action should be taken by the authorities to revoke the tax-exempt provision.

Churchmen also have a legitimate interest in the doing of IFCO, for a number of Protestant denominations have given money to the foundation.

Actually, it is well-known that IFCO is deeply involved in aiding militant groups engaged in stirring strife. For example, the Interreligious Foundation for Community Organization authorized up to \$50,000 to convene a National Black Economic Conference in Detroit last April. It was at this conference that James Forman issued his notorious "black manifesto" demanding reparations from the churches. What isn't well known are the profoundly anti-American remarks that Forman made at the conference.

In his talk, Forman declared:

"We live inside the U.S., which is the most barbaric country in the world, and we have a chance to help bring this government down."

In most countries of the world, such a disloyal statement would be grounds for a treason trial. In America today, however, almost every type of disloyalty is tolerated and excused.

There's no question as to Forman's meaning. He spoke of "armed confrontation and long years of sustained guerrilla warfare inside this country." He said he envisioned an "armed, well-disciplined, black-controlled government."

He stated his ideology, saying: "We are dedicated to building a socialist society inside the United States, where the total means of production and distribution are in the hands of the state and that must be led by black people."

This, then, is the revolutionary program at Detroit that was made possible by the funds of the Interreligious Foundation for Community Organization and by the giving of innocent people who had no idea of were funding.

However, this is not a rare exception. IFCO has

Out of the Cobwebs

O. A. Smith, general passenger agent, recently.

That the series of dances being given under auspices of the Chamber of Commerce are attracting more than local attention is evidenced by the increasing number of strangers who appear at the park each Friday night.

Mr. and Mrs. J. T. Farrell, originally of Iowa, but who have made their home in Los Angeles for the past three years, announce this week the purchase of the Sierra Madre branch of the C. F. Lamb Funeral Parlors at 304 West Central.

Ten Years Ago:
August 6, 1969
Over emphasis on the

statewide water issue is bedeviling the critical needs of Southern California for its fair share of State Senate representation, Frank G. Bonelli, chairman of the Board of Supervisors, told his colleagues Tuesday.

Three 15-year old Sierra Madre boys leave Saturday for a week's canoe trip 100 miles down the Colorado River: Jim Case, son of the James H. Cases; Bob McCall, son of the E. S. McCalls, and Gary Skousens, son of the George Skousens. All members of Sea Explorer ship "Dreadnought," sponsored by the Arcadia Presbyterian Church, they'll join 20 other scouts for their watery adventure from Blythe to the Naval Ordnance Station at Yuma, Ariz.

Letters To the Editor . . .

Dear Editor:
Are property owners willing to permit District School Boards to have full authority to fix tax rates which they deem necessary without taxpayers' consent and vote? Well, that is exactly what is going to happen to property owners come July 1, 1971, under Unruh Bill A.B. 272 slipped through during the final days of the 1967 Legislative session.

Taxpayer (you) will positively not be permitted to vote on school tax overrides such as they did in decisively defeating recent Los Angeles propositions. School Boards can set any rate they desire without voter consent! Unbelievable — but you had better believe it is true.

The teachers' big "Education Lobby" has twice killed bills to repeal this monstrosity (A.B. 272), which is outrageous, confiscatory and dictatorial. The teachers with their big expensive "Education Lobby" are getting too big for their britches. They are planning to operate a multimillion dollar distastefulness with your money (taxes), and to hell with property owners.

It is high time these "educators" were put back in their proper place. The time has come for the overtaxed property owners ("tax slaves") to arise and organize before they are destroyed! Write at once to members of the Legislature and urge others to write to the Legislature to retain in S.B. 156 those provisions which would effectively repeal the effect of Unruh's A.B. 272 where you have nothing to say about your taxes.

If you don't complain to your State Senator and your Assemblyman, you are dead!

C. C. Moseley,

Electronics To Take Over Your Drivers Licensing

The latest in licensing drivers is by means of electronic machines.

Chosen for testing the effectiveness of this new method, the Tacoma, Washington, area intends to find out how much drivers really know, not just how thoroughly they memorize the vehicle code.

How does this method work? Driving simulators, individual testing machines, and group testing systems all make it work. Then, too, machines called computer terminals do their part, look up a driver's record in seconds, determine if the driver needs to be re-examined before the renewal of his license.

To measure a driver's ability to apply his knowledge to real traffic situations, to is pointed out, questions based on color photographs of such situations replace the familiar multiple-choice questions.

Projected on a screen, a slide screen for group testing on a small video screen with push buttons for individual testing, the illustrated questions alert the driver to the seriousness of his job on the road.

Bank Women's Fashion Show

The Women's Committee, Pasadena District Chapter, American Institute of Banking is busy making plans for their Educational Kick-Off Fashion Show to be held Saturday, September 6, at the Huntington Sheraton Hotel in Pasadena.

Alice Johnson, chairman of the Women's Committee announces their theme to be that of Travel; Up! Up! and Away! Modeling is to be done by members of the Women's Committee.

Alice Johnson and her committee, Stephanie Ryburn and Kathy Inouye have colorful table and room decorations showing modes of travel along with many exciting door prizes.

Assisting in the planning of this fashion show will be Dorothy Price, Bank of America; Marilyn Irey, First Western Bank and Norma Fend, a resident of this city. Anyone requesting information or wishing to make reservations may call Alice Johnson at 792-0292, extension 333.

Relocated
Due to the serious illness of Martin Olson, the business meeting of the Sierra Madre American Legion Auxiliary will be held on August 14 at the home of Mrs. Bertha Billings, 398 W. Sierra Madre Blvd. at 8 p.m. instead of at the Olson home, as previously scheduled.

Your best grill friend...

Know the Food You Eat

Early explorers sought Pepper as avidly as any other treasure. It was worth its weight in gold. Columbus first thought he had reached his goal when he found small dark red berries growing in the West Indies. They turned out to be Allspice. To this day this spice is known as "piment o" (meaning pepper).

Today Pepper is cultivated in India, British Malaya, Java, Sumatra, Borneo and equatorial Brazil.

Cayenne Pepper is of the Capsicum family and is not related to the true Pepper vine, but is related to Paprika, Chili Peppers, and Bell Peppers. It is a native of Central America, and was first introduced into Europe by Columbus. Its cultivation spread to the Near East, Africa, Japan, Mexico, and in the United States where it is grown in California and Louisiana.

The Cayenne pod is about 3 inches long and almost 1 inch across at its base. In color it varies from orange

to bright red, which represents its fiery character. It definitely should be used with care and restraint, but can be used sparingly in dips, spreads, sauces for seafood appetizers, chilled tomato or vegetable juices, deviled eggs, omelets, cheese souffles, and scrambled eggs. Even pot roasts, stews, fish and chicken can be enhanced with a little of this peppery spice.

Paprika is the ground dried pod of a variety of Capsicum. The growth habits are similar to those of the Bell Pepper. It is also a native to Central America where it was first found by the early Spanish and Portuguese explorers. It is now grown extensively in central and southern Europe and in the hot valleys of Southern California.

The bulk of Paprika is consumed in the United States, which most is imported from Spain. It is one of the most misunderstood spices as we usually think of it as a garnish. Its flavor goes with almost anything, which makes it ideal for that little extra something added to a rather bland food.

The Bell Pepper (Capsicum frutescens) is a native of the tropics where they grow on woody perennial shrubs 6 to 8 inches high.

They are grown in temperate latitudes as tender annuals, which make a growth of 1 to 3 feet during a summer and bear pod like berries with thick rinds which may be eaten green or may be allowed to ripen to a bright red or yellow, depending on the variety.

Regular Meeting

In accordance with Section 2390.10 of the Sierra Madre City Code, notice is hereby given that the Parking Commission of the City of Sierra Madre will conduct a regularly scheduled meeting at 3 p.m. Wednesday, August 13, in the Council Chamber of the City Hall, 55 West Sierra Madre Blvd.

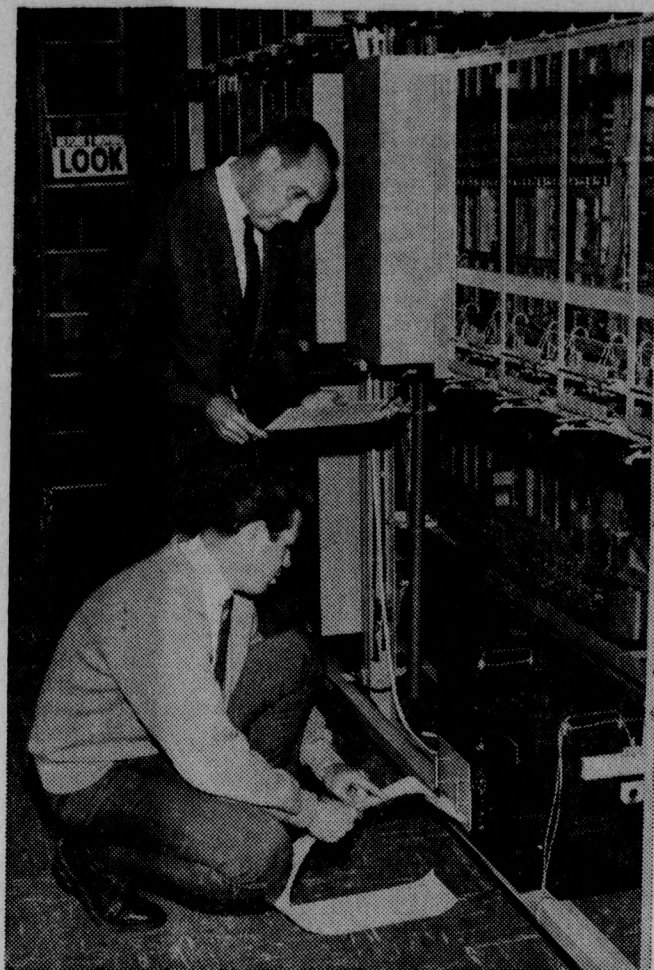

Letters to Editor

Dear Parents:

Please ask your child to keep that new looking Stingray bicycle in at least as good a shape as it was when he stole it. This bicycle is used to tender loving care. It likes to sleep inside, be washed every week and polished regularly.

To our family this bicycle is not a complete loss. My son learned responsibility, the value of ownership and the pride of possession.

The problem I face now is should I tell my son that some parents won't take the time to teach their children right from wrong or that some people are naturally bad or that's just the way the world is. I see no choice other than to elect the first. Thank you for your time.
— Dan D. Morris

Membership Tea Set For Sept. 24

Members of the board of the Mount Alverno Guild met at the home of Mrs. Willard Bates to discuss forthcoming events for the fall.

September 24 is the date set aside for prospective, new and old members to meet at the Villa for the annual membership tea. The Guild provides funds to assist in educating the novices in the teaching and nursing order of the Sisters of St. Francis of Penance and Christian Charity.

Mr. and Mrs. Frank Barbour (Louise) and daughter Judy has just returned from a delightful 10 days spent at their cabin in Big Bear. Frank had a great time riding his trail bike, (he lost 7 pounds) and just loafing around. Understand he did a little painting and puttering around the place, just so he wouldn't get out of the habit of working. Hope Louise and Judy got a chance at the trail bike as it sure sounds like fun.

National parks in the United States, attracted about 39,000,000 visitors during 1967.

Lesson-Sermon: 'Sealed Orders' For August 17

The title of the lesson-sermon on August 17, 1969 at The Santa Anita Church, 226 West Colorado Boulevard, Arcadia, to be given by Margaret H. Stevens, Minister of the Church, is "Sealed Orders." The service is at 11 a.m. and all are welcome to attend our church. Infant and child care is provided.

After a fifteen minute worship service in the sanctuary at 11 a.m. children from pre-school through seventh grade go to graded classes led by dedicated teachers. The young adults hold their meetings on Sunday evenings at 7 p.m.

A class in successful living is led by Rev. Stevens every Thursday at 11 a.m. The public is cordially invited to attend this class. There is a time for prayer requests and a time of fellowship and work projects.

The Ethel Barnhart school has applications available for the 1969-70 school year from kindergarten through eighth grade. The school offers a unique educational program through which the child may unfold his Divine Pattern spiritually and academically. The emphasis is upon teaching children to think and act from within. Call 446-8206 for further information.

Our fall classes begin on October 13. If you call 446-8206 a brochure will be sent to you.

Billy Graham Film To Screen At Church

"The Restless Ones," considered the most successful motion picture yet produced by Evangelist Billy Graham, will be shown in Pritchard Hall of Sierra Madre Congregational Church on Sunday evening, August 17th at 6:45 p.m.

With the accent on youth, this feature-length film deals imaginatively and dramatically with the teenage crisis. With a background setting provided by the 1963 Billy Graham Los Angeles Crusade, and artfully woven into the story pattern, "The Restless Ones" is a hard-hitting, bold approach to our social problems.

Here is a film which dares to be different, a story which will stir the heart and mind. Having seen "The Restless Ones," you will never be the same.

As one reviewer said, "Here is a picture that tells the world the truth and comes up with an answer; not an easy answer, but an answer from beyond us." This answer will satisfy, challenge and inspire young and old alike and will appeal to churchgoers and non-churchgoers. The Christian message comes through in the midst of a realistic teen-age situation, cleanly and without cloying. Swift-moving plot episodes highlight the opportunities facing the church.

There will be no admission charge, and refreshments will be served following the performance.

Bible School At Faith Lutheran Starts August 18

Commissioning of 25 teachers and helpers at the 10 a.m. Sunday service of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena, will serve as a prelude to Faith's annual two week Vacation Bible School, beginning on Monday, August 18, at 9 a.m. in the church parish hall. The school, designed for children from kindergarten through the eighth grade, will continue each school day from 9 a.m. to noon. Parents may enroll their children on Monday morning between 8:30 and 9.

In the 10 o'clock Sunday morning worship hour, the Rev. Armin Hesse will speak on the topic, "A Christian's Self-Evaluation," according to 2 Corinthians 10:12-17. His pulpit message will take up questions such as: "Must a Christian be devoid of any sense of self-worth? How should he rate himself? What should be the standard of his self-judgment? Dare a Christian boast?"

Next Wednesday night at 6:30 the young people of the Walther League will have a Sport Night on the church premises. The Pastor's Adult Church-Membership Study Class will meet on Thursday evening at 8.

SPORTS AS Hank Ives SEES IT

LITTLE THIS-N-THAT
LOTS OF TALK THESE
DAYS about a merger between the NBA and ABA. Old Hankus would guess (old no nickel bets) that some sort of agreement will be reached before next spring when the greatest collegiate basketball crop in history will be reaching for the pro dollars.

PRO BASKETBALL OWNERS can see the handwriting on the wall. A quarter of a million bucks for Pete Maravich and Rick Mount. A couple of hundred thousand for Lanier, Murphy and Malloy and so on. While a straight common draft is strictly illegal because of the anti-trust laws, the leagues could still retain their own identity, yet merge with the purpose of creating one draft. Complicated isn't it?

L.A. STARS OWNER, Jim Kirt, makes it very clear he would like to see a merger but quickly puts the kibash on any talk that the Stars would have to move out of Los Angeles. As a matter of fact, Kirt hurled a challenge at the cross-town Lakers offering to play them in the very near future.

IF EITHER THE COWBOYS OR RAMS hope to win their respective divisions, it is obvious they will have to show more offensive punch than they did last Friday night at the Coliseum. And wasn't it nice to see a full house?

YOU OFTEN HAVE TO WONDER, why does a team waste a down running against Deacon Jones and Merlin Olsen and company. The best you can expect is a couple of yards and a lot of bruises. Then its third and eight and you know a pass is coming.

WILL THE DODGERS LOSE psychological edge in the pennant race with the knowledge that Don Drysdale will not be around to help in a pinch? Now it's Sutton, Singer, Osteen and pray for rain. What in California?

AREN'T GYM CLASSES STARTING EARLY at PCC. Or is that Harvey Hyde and Myron Tarkanian just out for a little fun with the neighborhood youngsters.

SPONSORS OF THE SAN GABRIEL VALLEY All-Star football game figure they made enough profit to again get the NCAA approval for the contest in 1970. If it can match the 43-27 spectacle it should do even better next year.

ODDS AND ENDS DEPT. . . . Al Heger of Pasadena recalls the 1943 World Series between the Yanks and Cards. Reflecting back, here are the starting lineups: CARDS — Lou Klein 2b, Harry Walker cf, Stan Mue-

sial rf, Walter Cooper c, Whitey Kuroski 3b, Ray Sanders 1b, Dan Litwhiler lf, Marty Marion ss, Harry Brecheen p. **YANKEES** — Tuck Stainback cf, Frank Crosetti ss, Bob Johnson 3b, King Kong Keller lf, Joe Gordon 2b, Bill Dickey c, Nick Etten 1b, John Lindell rf, Spud Chandler p. The Yanks won the opener 4-2.

QUOTABLE QUOTE: Cub pitcher Ken Holtzman on Richie Allen: "He must have 15 homers off me. All I ever do with him is either back up third or ask for a new ball."

SACHEL PAIGE claims he could still be a winning pitcher in the big leagues — "If they didn't hunt on me. I just can't bend over anymore."

BILL RUSSELL claims that pro basketball players are the best athletes in the world. So the NBA players got together and named their offensive and defensive football team as follows:

OFFENSE: SE-John Havlicek, TE-Billy Cunningham, T-Gus Johnson and Rudy LaRusso, G-Elvin Hayes and Lucius Jackson, C-Wes Unseld, QB-Oscar Robertson, RB-Cazie Russell and Elgin Baylor, FL-Joe Caldwell.

DEFENSE: DE-Wilt Chamberlain and Nate Thurmond, DT-Wille Reed and Wayne Embry, LB-Dick Van Arsdale, Bill Bridges and Tom Van Arsdale, CB-Walt Frazier ad Earl Monroe, S-Jerry West and Bill Russell, O.K. Ram, are you ready for them?

SHOULD THE DODGERS bounce from a seventh place tie last season to a pennant in 1969, it would be impressive BUT don't forget the 1914 Braves who charged from last place in July to a four-in-a-row sweep of the Athletics in the series.

Lesson-Sermon Sun., August 17

"Soul" is the subject of the Christian Science Lesson-Sermon to be heard Sunday in all Christian Science churches. The Responsive Reading includes these verses from Isaiah: "Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee. . . Violence shall no more be heard in thy land, wasting nor destruction within thy borders."

"A demonstration of the facts of Soul in Jesus' way resolves the dark visions of material sense into harmony and immortality." This correlative passage, also from the Lesson-Sermon, is from the denomination's textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Letters To the Editor . . .

Dear Editor:

Is the United States moving towards Communism? If so, to what degree and how is it happening? For an answer, we should look to the Communists who have had as their goal a Communist America.

It was Karl Marx who said, "Between Capitalism and Communist society there lies a period of revolutionary transformation from the former to the latter. A stage of political transition corresponds to this period, and the state during this period can be no other than the revolutionary dictatorship of the proletariat."

According to William Z. Foster, in his "Program of the Communist International," we find that "The dictatorship of the proletariat is a continuation of the class struggle under new conditions . . . It represents an alliance aiming at the complete building up and consolidation of socialism."

Yes, America is moving towards Communism, just as the world Communist conspirators have planned. Needless to say, their program for victory is Socialism — internal subversion.

Jan Kozak, a Communist theoretician, outlined for Communist takeover of a

country in 1957 in his guidebook, "How Parliament Can Play a Revolutionary Part in the Transition to Socialism, and the Role of the Popular Masses." Kozak said, "The real possibility of the revolutionary utilization of parliament for the road to socialism lies in the combined mass strength of the revolutionary acting people supporting parliament as a revolutionary active assembly, which fights for the systematic fulfillment of the demands of the working people."

Nikita Khrushchev said, "We cannot expect the Americans to jump from Capitalism to Communism, but we can assist their elected leaders in giving Americans small doses of Socialism until they suddenly awake to find they have Communism."

Yes, America is moving towards Communism, just as the world Communist conspirators have planned. Needless to say, their program for victory is Socialism — internal subversion.

— Richard E. Woodin

Early Enrollment Open At PCC

To avoid long lines and closed classes, students planning to attend Pasadena City College this fall should enroll promptly. Registration figures predict an increased enrollment for the fall semester beginning September 15, according to Dr. Irvin G. Lewis, dean of student personnel.

The last day to apply for a full-time program and to have all required transcripts on file is Friday, August 29. Last day to apply for a part-time program is September 5.

A wide range of classes — to upgrade job skills, to learn a language, to develop a hobby, or to attain degree credits — is offered by the 16 departments at Pasadena City College.

The Counseling Center is open from 8 a.m. to 9:30 p.m. Monday through Thursday to assist in programming and registration. Appointments with counselors may be made by calling 795-6961, Extension 251.

Shop with your local merchant, he will always treat you right and be available to help you.

NOTICE OF TRUSTEE'S SALE T.S. No. 69 6953

On Thursday, August 28, 1969 at 10:30 A.M., T.D. SERVICE COMPANY, as duly appointed Trustee under and pursuant to Deed of Trust dated August 28, 1967 executed by Robert G. Michael and Marjorie C. Michael husband and wife and recorded September 10, 1968 as Instr. No. 2022 in book T3022 page 175 of Official Records in the office of the County Recorder of Los Angeles County, California, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) at the entrance of the Los Angeles County Courthouse, 501 West First Street, Los Angeles, California all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County, California described as:

The easterly 250.00 feet of that portion of Lot 21 of the Sierra Madre Tract, in the city of Sierra Madre, county of Los Angeles, state of California, as per map recorded in book 4 pages 302 and 303 of Miscellaneous Records in the office of the County Recorder of said county, lying Northerly of the northerly line of Carter Avenue, 50 feet wide, as described in the deed to the city of Sierra Madre, recorded in book 1475 page 382 of Official Records in the office of the County Recorder of said county, EXCEPT therefrom the southerly 347.00 feet of said land. A portion of said land is included within the line of Meadow Drive, as shown and dedicated on the map of Tract No. 21644, recorded in book 697 pages 84 and 85 of Maps, in said office of the County Recorder.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the principal sum of the note secured by said Deed of Trust, with interest as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on April 24, 1969, the undersigned caused said notice of breach and of election to be recorded in book M3198 page 693, of said Official Records.

SENSING THE NEWS

the death of an Oakland, California policeman.

There are only two instances of IFCO's involvement with disruptive community groups. It has spent hundreds of thousands of dollars bankrolling extremist groups that disturb the peace of American communities — and all the spending has been tax-exempt. As the Richmond News Leader put it in a recent editorial, IFCO "has been caught disbursing funds to groups whose idea of community organization is to 'get white' by burning everything in sight."

IFCO spokesmen, in throwing a smokescreen over the organization's activities, resort to gobbledegook. In one instance a spokesman said groups funded "include all segments of the black community . . . because it takes such inclusiveness to help build up the black com-

munity." Now, certainly, good churchmen in the United States don't approve of "inclusiveness" that covers organizations such as the semi-military Black Panthers who teach youngsters to hate and to kill policemen. No church group can justify giving money to hate groups or to groups that encourage restless urban elements to arm themselves and strike at law enforcement authorities. Yet this is what the Black Panthers openly advocate.

Concerned churchmen have a right to expect that their denominations won't give another cent to IFCO. Concerned taxpayers have a right to demand that the Internal Revenue Service consider revoking the tax-exempt status of the Inter-religious Foundation for Community Organization.

Norman and Cathleen McDonald of 227 S. Baldwin recently returned from a relaxing ten day trip to San Francisco where they visited two of their sons who make their home there. So many things to do and see in San Francisco that it's a wonder that they managed to have any time with sons, Don and David and David's wife, Mary. Why, oh why, couldn't they have brought some of that cooler weather back with them? Wouldn't that have been delightful?

In the Late Birthday Greetings Department: Felicitations go to Miss Debra Wagner, daughter of Kenneth and Bernice Wagner of 205 South Canon, who turned 15 on July 9. Many, many more happy birthdays to you, Debra.

Supervisor Dorn Urging Governor

Governor Reagan and members of his cabinet today were urged by the Board of Supervisors on motion of Warren Dorn to not force on the county new costs of work-training projects and educational training programs for welfare recipients.

Dorn said he was "disturbed" to learn that the State Department of Social Welfare is considering mandatory regulations requiring the county to "bear the full cost of these programs other than the 75 per cent to be contributed by the U.S."

"It has been less than a year since the county was required to dismantle its community work and training program and turn the responsibility of this function over to the state."

You and Your Neighbors

If you haven't been to the Library recently you should make a quick trip to see the beautiful jewelry display of turquoise and silver and Chalcedony Roses set in gold, made by Virginia and George Hillman.

The Hillmans belong to the Monrovia Gem and Mineral Club where they have made many friends who have the same interests and hobby of collecting rocks and making them into something beautiful.

Right now Virginia is trying her hand at carving flowers and fish out of rocks. Both she and George are busy cutting, grinding, polishing and all the things necessary to make a plain old rock into something beautiful.

George and Virginia make some of their own settings for their jewelry, especially in silver. Virginia tried making some fine gold wire work for her Chalcedony Roses which she found in the Turtle Mountains, but found it most time consuming and takes a very steady hand. She was getting ready for the Gem and Mineral show when the rains came to our area and she was kept busy keeping the water out of their basement workshop where they have their tumblers, cutters, grinders and polishers. So she bought the settings, but says she may try it again some time.

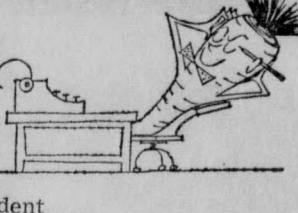

Returns From Tour Of Japan

Mrs. Pauline Richter of 430 Mariposa Ave., daughter of Don and Nina Schindler of this city, has just returned from a six weeks tour of Japan. She traveled alone, visiting cities on the four major islands, from Hakodate on the northernmost island of Hokkaido to Fukuoka on Kyushu.

She visited GIs and their families stationed in Japan, boys who were her counselors at Northview High in Covina. In Hakodate, she spent several enjoyable days with the parents of a Japanese bride of another of her former counselors. She spoke before the English classes in three of the schools there.

She was most impressed by the cleanliness and tidiness displayed everywhere. Even the few hippies that she saw in Japan looked neat and clean. Before returning to Sierra Madre, Mrs. Richter flew to Seoul, South Korea, to meet for the first time, a little six year old Korean girl whom she has been supporting for the past few years through the Pearl Buck Foundation.

CARROT TOP

A reader of the Sunday issue won a \$15 prize for the best letter of the week published in that paper's "The People Speak" column. But, the next week another reader sent in quite an interesting comeback.

The first reader's letter said in part: "Poverty is no grass in the yard, no sidewalk, a solid week of rain and a leaky roof."

Poverty is kids that can't keep up in school and hate it because the other kids tease them and the teacher ignore them. Poverty is getting a 25-pound turkey in a food basket when you've got an old rusted-out stove, no roasting pan, (and) a half dozen cracked dishes.

Poverty is a privy. The second reader, a farmer wrote: "Poverty is using a part of the welfare check for beer... rather than for material to repair that leaky roof."

Poverty is the production of offspring with little consideration as to their future, food, clothing, shelter and education. Poverty is whining to the welfare office for an increase in the check rather than looking for odd jobs to supplement the check.

Poverty is using one's disabilities as an excuse for becoming a burden on society. Poverty is far more a matter of human spirit than of material possessions.

This second letter didn't win a prize, but it served a good cause. It identified the "Poverty Situation" as a coin with two sides and deserved to be considered.

People participation is basic to our Democratic way of life. The process may sometimes seem slow; however, the best answer to issues and problems we face come as a result of our thinking, listening, learning, forming ideas and opinions, and presenting them for the consideration of others... Don't you ever forget it.

An animal trainer was in the noted producer's office to demonstrate his dog's talents. A scrappy cocker spaniel, the dog ably quoted poetry and climaxed the audition with a medley of operatic areas in perfect pitch.

"Not bad," the producer declared as he learned forward toward his desk. "Now let's see her legs." ... I don't get it do you?

Closing up the column for the week we leave you with trite remark... There are two kinds of pedestrians — the quick and the dead, and at my age it is indeed hard for me to continue to be quick, I hope, I hope, I hope.

John and Eileen Mahon and three children, Maura (12), Bridget (10) and John Patrick (2) spent their first weekend at their Big Bear cabin over the July 4th holidays. They are in Big Bear City, but on what you would call the north shore, the resort side. A small musical creek runs through their property and young John calls it "my river." All enjoyed their mountain retreat very much and plan, in addition to some more trips during the summer months, to spend some time there in the winter.

Shop with your local merchant, he will always treat you right and be available to help you.

Sen. H. L. Richardson UnCOVERS Facts

university are favored by 79 per cent of all who responded and opposed by only 12.4 per cent, while 74 per cent are in favor and 16.3 opposed on the state college level. On the question of junior college tuition, 50 per cent were opposed and 39 per cent were in favor of the proposal.

A surprise result in the poll was the close agreement of Democrats and Republicans on the question of eliminating salary increases at the University and in the state colleges until disturbances at the schools are stopped.

The Democrats polled were 50 per cent in favor and 40 per cent opposed to the proposal while the Republicans voted 55-34 per cent on the question. Almost identical percentages were noted in response to a question on whether the Legislature should have more control over the university and state colleges.

Six education in schools is favored by 49 per cent of the Democrats and 37 per cent of the Republicans and is opposed, respectively, by 44 per cent and 55 per cent. Both Democrats and Republicans were strongly in favor of local school boards regulating the content and

age level of sex education. Teachers should be dismissed for falsification or material facts in connection with applications for employment, assignment or promotion, according to 83.6 per cent of those who responded as compared to only 7.1 per cent who oppose such dismissals.

A majority of persons polled said they were opposed to federal intervention in suits against local school boards because of alleged racial discrimination, unless the federal agencies investigating the allegations first consult and negotiate with the local school district.

The questionnaire sent out by Senator Richardson did not specifically refer to the recent intervention by federal agencies in a Pasadena case involving alleged racial discrimination practices by the Pasadena school board, but it obviously was prompted by that action.

On this, one of the most controversial questions raised in the 19th Senatorial District in recent years, 69 per cent of the Democrats and 80 per cent of the Republicans said they were opposed to uncontrolled federal intervention without consultation or negotiation with the local school boards. Only 22 per cent of the Democrats and 11 per cent of the Republicans approved such interference with local authority.

Third Mailing Of \$70 Checks

State Controller Houston I. Flournoy today announced that the third group of \$70 Homeowners' Property Tax Relief checks will be mailed statewide on Friday, August 8.

Flournoy said there will be about 70,000 checks in this third mailing as county assessors continue certifying applicants not covered in the first two mailings on June 13 and July 9 which totaled over 2,378,000 checks.

Los Angeles County again will lead the distribution with over 44,000 checks. Riverside County will receive almost 14,000, Monterey more than 4,000, Ventura County about 3,400, and Orange County 3,000.

The number of checks mailed to other counties will vary according to local conditions affecting individual assessors.

Flournoy said that as certified applications continue to be received from county assessors they will be included in future mailings.

Altadena Jrs. Hold Party

Members and guests of the Altadena Woman's Club Juniors got together for a steak barbecue and swim at the home of the Larry Bickels of Sierra Madre.

The early part of the evening included cocktails and swimming, husbands did the barbecuing and salad, garlic bread and baked potatoes enhanced the menu.

Enjoying a beautiful summer evening were: Karen and Dave Osborn, Judy and Leonard Koch, Judy and Edward Mitchell, Diana and Ronald Annas, Mary and Larry Bickel, Rita and Bill Hanley, Becky and Dean Norris, Ginny and Cliff Finnie, Lorraine and Kenneth Bertonneau, Regina and Ray Baker, Dick and Ann Noel, Louise and Jim Sartan, Jerry and Dick Gauthier, Johnnie and John Collin, also included were the Brammers and Fergusons of Altadena.

Mrs. William Hanley was party chairman; working with her were Mrs. Larry Bickel, and Mrs. Ronald Annas. Proceeds will aid club philanthropies, Hathaway Home, S.S. Hope and Booth Memorial Hospital.
